

PRiSM Annual Meeting Trainee Travel Grant

The Pediatric Research in Sports Medicine (PRiSM) Society seeks to establish an opportunity for researchers and clinicians from varied backgrounds to convene in an interdisciplinary fashion during the PRiSM Annual Meeting. During this conference, attendees present, discuss, and develop collaborations on research and education initiatives related to pediatric sports medicine.

The purpose of this Trainee Travel Grant is to allow students/trainees the opportunity to present their work at our annual meeting and to increase the diversity of our membership and meeting attendees through consideration of the following factors including, but not limited to: educational background, specialty, geographic location, race/ethnicity, gender, sexual orientation, and financial need.

These awards are made possible through a NIH R13 grant that aims to foster an environment of collaboration among a diverse set of professionals and trainees involved in pediatric sports medicine research.

Eligibility Requirements

PRiSM seeks applicants who are PRiSM student/trainee members or are applicants for membership to apply for this Travel Grant. You will need to be a member or a member applicant before you are able to access the award application.

Trainee Travel Grant Content

- Complimentary registration to the annual meeting
- Reimbursement of up to \$1,000 for travel and lodging expenses
- Opportunity to present research at the PRiSM Annual Meeting via Podium Presentation

Application Submission Process

This application will be part of the abstract submission process. If you indicate that you are a student/trainee, you will be prompted to submit the required components for the travel grant application (see below). Please read the instructions carefully before completing the application. Do not skip any questions. Inquiries about this application may be addressed to the PRiSM office at info@prismsports.org.

Along with all abstract submissions, the travel grant application is similarly due **Monday, July 1, 2024**.

Applications will be reviewed and scored with notifications sent by email.

For a full definition of underrepresented persons in science/medicine as defined by the NIH, please visit: <https://diversity.nih.gov/about-us/population-underrepresented>.

Selection Criteria

Grading will be performed by an unbiased team with the overall goal of optimizing the diversity of presenters at the PRiSM Annual Meeting. Grading will be based upon the overall merit of the application (as outlined in the abstract guidelines) and applicant-specific criteria.

Application

To apply for an NIH funded travel grant, please provide the following documents / information:

Brief letter of intent: (max. 400 words) Explain your need for a travel grant **and** how you would benefit from receiving a travel grant.

Explanation of Contribution: (max. 200 words) Briefly explain how your attendance or the presentation of your research abstract will specifically contribute to the research and education initiatives upheld by PRiSM at the annual meeting.

CV: No more than two pages.

The following applicant-specific information will also be requested:

- Degree or specialty
- Years in training
- Type of training
- City, State, Country/Providence
- Race/Ethnicity
- Gender
- Sexual Orientation
- Other relevant applicant-specific information

Please complete all requirements of this application before submitting your abstract by Monday, July 1, 2024. For questions related to the travel grant or annual meeting, please contact info@prismsports.org. For questions related to the submission process online, please contact prism@owpm2.com.
